ARTICLE II

Hiring

201. In the employment of workmen for all work covered by this Agreement in the territory herein described, the following provisions shall govern:

201.1. The Local Unions shall establish and maintain open and non-discriminatory employment lists for employment of workmen desiring employment on work covered by this Agreement within the area of the Local Union or of the Dispatch Hall serving a particular area of a Local Union.

201.2. The Contractor shall first call upon the respective Dispatch Hall serving the area in which the job is located for such men as he may from time to time need and the Dispatch Hall serving the area shall immediately furnish the Contractor the required number of qualified and competent workmen and skilled mechanics of the classifications needed by the Contractor.

201.3. It shall be the responsibility of the Contractor, when ordering men, to give the Union all of the pertinent information regarding the workmen's employment.

201.4. The respective Dispatch Hall will furnish each such required competent workman entered on its list to the Contractor by use of a written referral and will furnish such workmen from its listings in the following manner of preference. Selection of applicants for referral to jobs shall be on a nondiscriminatory basis and shall not be based on or in any way affected by union membership, by-laws, rules, regulations, constitutional provisions or any other aspect or obligation of such membership, policies or requirements. When dispatched workmen are required to possess a valid California drivers license of the appropriate classification, a current medical certification as required by license classifications and a current D. M. V. report (not over six (6) months old) as a condition of employment.

201.4.1. **Group A Status:** Such workmen will be furnished from the list in the Dispatch Hall of workmen who have been recently laid off or terminated by Contractors from work of the type covered by this Agreement in the area served by the Dispatch Hall and who are available for employment. The Contractors may request, by name, individuals who have been on such list for a period of ten (10) days or more prior to the request. This ten (10) day requirement shall not apply to an individual who has performed work covered by this Agreement, for that Contractor within the six (6) months just prior to the request. Any selection due to a request by name must be confirmed in writing, by the Contractor, no later than forty-eight (48) hours after the workman reports to work. There will be no job soliciting.

201.4.2. **Group B Status:** Workmen who, within the five (5) years immediately before the Contractor's request have performed work of the type covered by this Agreement in the geographic area of the twelve Southern California counties (including San Diego County), and are available for employment.

201.4.3. **Group C Status:** When categories outlined in subparagraphs 201.4.1 and 201.4.2 are exhausted such workmen will be furnished from the list in the dispatch hall of workmen whose names are registered in the Hall and who are available for employment.

201.4.4. Provisions of this subsection may be varied by mutual agreement of the Parties hereto in writing.

201.5. When ordering workmen the Contractor will give notice to the Dispatch Hall not later than 3:30 P.M. of the day prior (Monday through Friday) or in any event not less than fifteen and one-half (15½) hours before the required reporting time; and in the event that forty-eight (48) hours after such notice has been given, the Dispatch Hall shall not have furnished such workmen, the Contractor may procure workmen from any other source or sources. If men are so employed, the Contractor will immediately report to the Dispatch Hall serving the area in which the workmen are employed each such workman by name.

201.6. Workmen employed by one (1) or more of the Contractors for a period of eight (8) days continuously or accumulatively from the date of employment or the date of this Agreement, whichever is later, shall be or become after the eight (8) day period members of the Union and shall remain members of the Union as a condition of continued employment. Membership in the Union shall be available upon terms and qualifications not more burdensome than those applicable at such time to other applicants for membership in the Union.

201.6.1. The Contractor shall discharge any employee pursuant to the foregoing Section upon written notice from the Union of such employee's non-payment of initiation fees or dues. Such written notice shall indicate the amount of initiation fees or dues which are in a state of delinquency and shall give the employee forty-eight (48) hours within which to cure the delinquency. The Contractor agrees to furnish a copy of such notice to the employee forthwith.

201.7. A Contractor may transfer employees presently employed and who have been employed by such Contractor or a joint venture of which one (1) or more members is a former Employer for at least ten (10) working days before such transfer from the area of one Local Union to another in whose area such Contractor has a construction job or project. Before so doing, the Contractor shall notify the Dispatch Hall, job or project on which they are presently employed and the Dispatch Hall in the area where the employees are to be employed of the location of the job or project on which they are presently employed, the job or project to which they are to be transferred and the names and addresses of all employees to be transferred. Such notice shall be in writing, in advance if possible. In any event, oral notices shall be confirmed by letter postmarked not later than twenty-four (24) hours from the time of notification. However, employees transferred under the provisions of this paragraph shall not replace employees hired from the Local Union in that area unless it has been previously agreed to by the Local Union and the Contractor.

201.7.1. On jobs of short duration, four (4) days or less, the notice outlined in paragraph 201.7 is not required. However, on projects of over four (4) days duration, if the Contractor does not notify the Union prior to the fifth (5TH) work day of employees transferred into the geographical area of the Local Union having jurisdiction, the Contractor shall, upon demand of the Union, remove such employees who were transferred from the job and replace those employees with workmen from the respective Local Union's "Out of Work List" and the Contractor will have no further rights to transfer under the provisions of paragraph 201.7 for that particular job.

201.7.2. The Dispatch Hall which services the area to which the employees are to be transferred will thereafter issue new referrals to such men. Such referrals will be obtained by such workmen before beginning work wherever possible. All other workmen shall be procured in accordance with the other provisions of this Article.

201.7.2.1 For the purposes of this Paragraph 201, a workman shall cease to be an employee of a Contractor if any of the following occurs:

- (a) Such workman is laid off or terminated without definite promise of re-employment,
- (b) Such workman is laid off for a period in excess of thirty (30) days.
- (c) Such workman makes himself available for employment in the construction industry for other Contractors.

201.8. Subject to this understanding, the Contractor shall have entire freedom of selectivity in hiring and the Contractor retains the right to reject any job applicant referred by the Union. The Contractor may discharge any employee for just cause provided there shall be no discrimination on the part of the Contractor against any employee nor shall any such employee be discharged by reason of any Union activity not interfering with the proper performance of his work. Any dispute under this Section may

be processed under the grievance procedure. The first ten (10) working days of employment of any employee shall be a probationary period during which time any termination will not be challenged.

201.8.1. The Contractor will furnish an employee with a statement in writing upon termination for any reason setting forth the reason for termination and a copy of such statement will be furnished the Local Union. The requirement of this written notice is waived for terminations effected during the probationary period.

201.8.2. An employee who has been found through the grievance procedure to have been unjustifiably disciplined or discharged for refusing to perform work which would endanger his health or safety or the health or safety of any other employees shall be reinstated in his former classification.

201.8.3 **Return after injury:** Whenever an employee who prior to his illness or injury has been in the employ of the Employer for three (3) months or longer has been off work as a result of work connected injury or illness and is released by his doctor to return to work, his Employer shall return the employee to his former job if in operation, provided the employee was not responsible for the injury or illness and provided further that such absence does not exceed twelve (12) months from the date of injury or illness. The employee thereby displaced may be terminated without violation of this Agreement. The terminated employee, upon re-registration within seventy-two (72) hours, excluding Saturday, Sunday and holidays, after termination shall be reinstated to the position on the registration list occupied by him at the time of his previous dispatch.

201.8.4 **Physical Examinations:** Workmen shall not be prevented from securing employment as a result of physical examinations, except in case of physical examinations required by City, State, Federal Government or Civil Service Rules. When an individual Employer requires a physical examination of a workman as a condition of employment, the individual Employer will pay for the cost of the examination and will pay

the workman at the straight time hourly rate for the time spent taking the examination up to eight (8) hours.

201.9. No employees shall be transferred from areas outside the territorial coverage of this Agreement except as follows: When a Contractor desires to employ key workmen from outside the territorial jurisdiction of this Agreement, there shall be a pre-job conference at which the classifications to be filled by such employees and the number of employees in each classification and the times of the commencement of their employment or the operational stages of the job or project at which their employment shall commence shall be determined and agreed upon at such pre-job conference. Thereafter,

upon written request of an individual Contractor, signed by the representative of the individual Contractor on a job or project and delivered to the Dispatch Office servicing such job or project stating that such individual Contractor desires that the named person or persons be dispatched in a classification or classifications, agreed to at such pre-job conference, such person or persons shall be dispatched without regard to the provisions of paragraph 201.4. and the individual Contractor shall hire such person or persons dispatched.

201.9.1. Employees of a Contractor who are transferred into the territorial jurisdiction of this Agreement, under the provisions of the pre-job conference outlined above, shall be allowed to remain on that job or project for its duration, but these employees shall not acquire Group A Status under paragraph 201.4.1. Such workmen may be referred by the Union to other Employers under Group C Status of paragraph 201.4.3.

ARTICLE III

Strikes - Lockouts - Jurisdictional Disputes

301. It is the purpose and intent of the Parties that all grievances or disputes arising between them over the interpretation or application of the terms of this Agreement shall be settled by the procedures set forth in Article V and that during the term of this Agreement the Union shall not call or engage in, sanction or assist in a strike against or any slowdown or stoppage of work of the Contractor. During the term of this Agreement a Contractor shall not cause or permit any lockout of the employees covered under this Agreement.

302. Except as otherwise provided in this Agreement there shall be no strike, lockout or work stoppage by any Party hereto or any individual Employer.

303. No employee covered hereby may be discharged by an individual Employer for refusing to cross a primary picket line sanctioned by the Building and Construction Trades Council or Joint Council of Teamsters No. 42 or the Local Union in the area or for engaging in any conduct protected by Sections 7 or 502 of the Labor-Management Relations Act of 1947, as amended.

303.1. If work on a project is declared to be unfair as the result of a primary dispute by a Building and Construction Trades Council or Joint Council of Teamsters No. 42 or the Local Union in the area and the work thereon is stopped for that reason, the Union shall not be deemed to have violated this Agreement if during the period of said work stoppage the members of the Union fail to perform their work for the Contractor or their Sub Contractors.

304. During the term hereof, there shall be no strikes, slowdowns or stoppages of work occasioned by jurisdictional disputes between the Union signatory hereto and any other Union and that all employees covered by this Agreement shall perform the work customarily performed by them and will cooperate and work with members or

organizations signatory to this Agreement without regard to past, present or future disputes on jurisdictional claims.

305. When making work assignments, the Contractor shall assign the work in accordance with existing inter-craft agreements between the Unions signatory to this Agreement first. In the absence of such inter-craft agreements, then past practice or the prevailing practice in the locality shall apply. The Unions will furnish the Association with approved inter-craft agreements. The locality for the purpose of determining the prevailing practice shall be defined as the geographical area covered by this Agreement. If a dispute arises prior to the assignment of work or where there is no predominant practice in the locality or inter-craft agreement, the Contractor shall consult the representatives of the contesting trades regarding any arguments of facts the trades may wish to present to their claim to the work.

306. The Parties hereto agree that where a problem develops involving Unions not signatory to this Agreement, the Representatives of the Unions involved will meet with the Representatives of the Contractors to resolve the particular problem. Any resolution by the Unions shall be put into effect immediately.

307. Jurisdictional disputes which cannot be resolved at the local level shall then be referred to the International Unions involved for determination and the work shall proceed as assigned by the Contractor until such determination by the International Unions has been confirmed to the disputing Unions and the Contractors.

308. Where a jurisdictional dispute involves the Union and a Union affiliated with the Building and Construction Trades Department, AFL-CIO, it shall be referred to the International Presidents of the two (2) Unions for determination and the work shall proceed as assigned by the Contractor until such determination by the International Presidents has been confirmed to the disputing Unions. Upon re-affiliation of the International Brotherhood of Teamsters, Chauffeurs Warehousemen and Helpers of America with the Building and Construction Trades Department, AFL-CIO, the procedures

of the Plan for Settling Jurisdictional Disputes Nationally and Locally shall immediately become effective under the terms of this Agreement and replace the procedure for resolving jurisdictional disputes specified in the first sentence of this paragraph.

ARTICLE IV

Subcontracting Employee Rights, Union Standards and Work Preservation

401. The purposes of this Article are to preserve and protect the work opportunities normally available to employees and workmen covered by this Agreement, maintenance and protection of standards and benefits of employees and workmen negotiated over many years and preservation of the right of the Union employees, employed hereunder, from being compelled to work with non-union workmen.

402. Definition of Sub Contractors: A Sub Contractor is defined as any person (other than an employee covered by this Agreement), firm or corporation, holding a valid state Contractor's license where required by law, who agrees orally or in writing to perform or who in fact performs for or on behalf of an individual Contractor any part or portion of the work covered by this Agreement.

403. The Contractor shall not perform any work with employees at the site of the construction, alteration, painting, or repair of a building, structure or other work which comes within the recognized jurisdiction of the Teamsters unless the Contractor is signed to an appropriate current labor agreement.

404. Neither the Contractor nor any of his Sub Contractors shall subcontract any work to be done at the site of construction, alteration, painting or repair of a building, structure or other work coming within the jurisdiction of the Teamsters except to a person, firm or corporation party to an appropriate current labor agreement with the appropriate Local Union or Council of the International Brotherhood of Teamsters.

405. Notwithstanding the rights and obligations of the Contractor relating to subcontracting set forth in this Article, the Contractor and the Union recognize the potential for more harmonious labor relations on any project on which all Sub Contractors are signatory to appropriate labor agreements. Pursuant to that recognition the Contractor and the Union agree, upon the request of either party, to participate in discussions regarding the potential development of a project agreement for any specific project, the provisions of which would be applicable to the Contractor and all Sub Contractors on the project. While it shall be mandatory that a project agreement meeting be held if requested by either party, no project agreement shall be implemented unless agreed upon by the Contractor, the Union, and all other Unions to be covered by such project agreement.

406. Any dispute involving this Article will be resolved under the grievance procedure of this Agreement. An award of the Teamsters Joint Adjustment Board may be judicially enforced. Notwithstanding any other provisions of this Agreement, the Union shall not have the right to use strike or any other economic action to enforce any provisions of this Article on subcontracting.

407. The Contractor shall provide in his contract with the Sub Contractor the following provisions: "The Sub Contractor accepts and agrees to be bound by the procedures for settling jurisdictional disputes set forth in Article III of this Agreement. The Sub Contractor agrees that he will bind his Sub Contractor to said procedures in the same manner and to the same effect as provided with respect to him."

408. The Contractor and his Sub Contractors shall have freedom of choice in the purchase of material, supplies and equipment, except that every reasonable effort shall be made by the Contractor and his Sub Contractors to refrain from the use of materials, supplies and equipment, which will tend to cause any discord or disturbance on the project.

<p style="text-align: center;">ARTICLE V Procedure for Settlement of Grievances and Disputes</p>
--

501. An individual employee having a grievance or dispute shall first attempt to adjust said grievance or dispute with the Contractor or his representative.

502. If the individual employee fails to effect a settlement of his grievance or dispute with the Contractor or his representative, the Business Representative of the Local Union shall immediately attempt to adjust same with the Contractor or his representative. In the event such grievance or dispute cannot be satisfactorily adjusted on the job by the representative of the Local Union and the Contractor or his representative, then the same may be referred to the Teamster Craft Joint Adjustment Board established herein. No dispute, complaint or grievance shall be recognized unless called to the attention of the individual Contractor and the appropriate Association or the Local Union and the Union within thirty (30) calendar days after the alleged violation occurred except for discharges which shall be seven (7) calendar days after the alleged violation.

503. A Contractor shall refer a grievance or dispute to the Teamster Craft Joint Adjustment Board through the appropriate Employer Association. The Association shall then refer the grievance or dispute to the Teamster Craft Joint Adjustment Board by sending written notice to the Contractor and the Union Chairman of the Teamster Craft Joint Adjustment Board. The Local Union shall refer a grievance or dispute to the Teamster Craft Joint Adjustment Board. The written notice of referral required by this paragraph shall contain the name of the Contractor and the Local Union directly involved, the date and place of occurrence of the grievance or dispute and a brief description of the nature of the grievance or dispute. Additionally, the written notice of referral shall include a brief summary of the actions taken to settle the said dispute pursuant to the provisions of Paragraphs 501 and 502.

504. There is hereby established a Teamster Craft Joint Adjustment Board which shall have the authority to perform the functions set forth in Article VII of this Agreement and this grievance procedure. It shall be composed of nine (9) regular members representing the Union, nine (9) regular members representing the Contractors and one (1) neutral member who shall be the Chairman. Each of the Parties shall within ten (10) days after the execution of this Agreement appoint its regular representatives and sufficient alternates and immediately notify the other party in writing of the name and business address of each representative appointed.

505. The Teamster Craft Joint Adjustment Board Chairman shall be selected by the regular members designated in accordance with Paragraph 504. Each side, Union members and Contractor members, shall nominate fifteen (15) candidates for Chairman of the Teamsters Craft Joint Adjustment Board. From the list of thirty (30) candidates the Union and the Contractor sides of the Teamster Craft Joint Adjustment Board shall select a total of five (5) nominees by alternately striking names until five (5)

names remain. The side striking first shall be determined by lot. (In the event a particular name appears on both lists however, that name shall automatically be included in the permanent list of five (5) names and only four (4) additional names would be selected by striking, etc.)

505.1. From the list of five (5) permanent nominees, a single name shall be selected in the same manner as described above and he shall be considered as the Chairman for a period of at least six (6) months to hear all matters to come before the Teamster Craft Joint Adjustment Board. After the six (6) month period, if either the Contractor or Union side desires, another name shall be selected from the list of five (5) names in the manner as described above and so on at each six (6) month interval.

506. The Teamster Craft Joint Adjustment Board shall meet at 9:00 A.M. on the first Thursday of each month and shall in addition meet at the call of the Chairman. The Teamster Craft Joint Adjustment Board shall issue decisions immediately upon

hearing all evidence presented. If for any reason the Teamster Craft Joint Adjustment Board requires additional time to deliberate on the matters presented, the Teamster Craft Joint Adjustment Board may by majority vote grant an extension of time in issuing a decision for whatever period deemed appropriate by the Board members. A simple majority vote is required to dispose of items on the agenda.

507. All expenses incurred and approved by the Teamster Craft Joint Adjustment Board necessary for the consideration and decision of grievances or disputes submitted to it shall be borne by and divided equally by the Union and the Contractor. All fees and expenses of the Chairman shall be borne by the Party against whom the Chairman rules.

507.1. If there is any question as to which is the losing Party or if a case is referred back to the Parties without decision or if there are decisions against more than one (1) of the Parties to the arbitration, the Chairman is authorized and requested to determine who shall pay the fees and may in such case order a sharing of such fees. In such event the decision of the Chairman on this issue shall be final and binding.

508. In addition to performing the functions set forth in Paragraph 701, Article VII, and this grievance procedure, the Teamster Craft Joint Adjustment Board shall have authority to review and make recommendations to the Parties on matters referred to it by the Parties. The Teamster Craft Joint Adjustment Board may, upon its own motion, make recommendations, upon matters arising out of the interpretation, application and operation of the provisions of this Agreement, problems with respect to labor supply and technical and economic matters affecting the welfare of the construction industry and the general public.

509. No jurisdictional disputes between the Union signatory hereto or on whose behalf this Agreement is made or any other Union, shall be submitted for determination to the Teamster Craft Joint Adjustment Board, but shall be determined in the manner provided in Article III of this Agreement.

510. All grievances, other than jurisdictional disputes, arising out of the interpretation or application of any of the terms or conditions of this Agreement shall be submitted for determination and shall be determined by the procedure set forth in this grievance procedure, but neither the Teamster Craft Joint Adjustment Board nor the Impartial Chairman, in determining any grievance or dispute, shall have the authority to modify, vary, change, add to or remove any of the terms or conditions of this Agreement, except that the Teamster Craft Joint Adjustment Board shall function with respect to the use of classifications and wage rates as provided in Paragraph 701 of this Agreement.

511. In the event the Teamster Craft Joint Adjustment Board or the Impartial Chairman determines that the Contractor or the Union is in violation of this Agreement, the Teamster Craft Joint Adjustment Board or the Impartial Chairman may assess compensatory damages against the violating party.

512. It is understood and agreed that the procedures outlined in this grievance procedure shall be the exclusive remedy for any violation of this Agreement, provided the foregoing shall not deprive either party from obtaining any injunctive relief from the courts to which he is otherwise entitled.

513. Each decision of the Teamster Craft Joint Adjustment Board or the Impartial Chairman shall be made in writing and a copy of each sent to each interested party, particularly including separate copies to the Local Union and the Contractor directly involved and each of the Contractor Associations signatory to this Agreement. The determinations of the Teamster Craft Joint Adjustment Board are final and binding upon the Parties. There shall be NO APPEAL.

514. PROCEDURAL RULES

514.1. It is the desire of the Teamster Craft Joint Adjustment Board and for the betterment of labor relations, that the normal policy of the Teamster Craft Joint Adjustment Board will be that attorneys will not be used in the presentation of grievances. However, should either Party to a grievance plan to be represented by Counsel, the Party shall advise the opposing party at least fifteen (15) days prior to the scheduled hearing in order that he may obtain Counsel, if he so wishes.

514.2.3. The employees involved.

514.2.4. A brief description of the alleged violation.

514.3.1. Once a grievance is placed on the agenda it shall be heard unless postponed by mutual consent of both Parties.

514.4. The Union Chairman shall publish and distribute the decisions of the Teamster Craft Joint Adjustment Board meetings.

514.4.1. Maintain the Teamster Craft Joint Adjustment Board files.

514.5. **The Impartial Umpire**

514.5.1. The Impartial Umpire will preside over meetings, preserving order and ensure that the established procedure is carried out.

514.5.2. Prior to hearing each case, the Union and Employer Chairmen shall designate the members of the panel who will be authorized on that particular case.

514.6. **Procedure**

514.6.1. The Impartial Umpire will call the Parties in and explain that all persons, other than the charging party and the charged party with their representatives and the testifying witness, will wait outside the Hearing Room. All persons are to be identified by name, whom they represent and title. The grievant shall first present his case (except in discharge cases the Impartial Umpire shall determine which party shall first present his case) by making an opening statement, if desired, outlining the complaint. There shall be

no interruptions until completion of the opening statement. Upon completion of the grievant's opening statement, the grievant may be questioned by members of the Board, followed by questions from other Parties on matters submitted. The grievant may then call upon desired witnesses, one (1) at a time and the same procedure is to be followed with each witness until the grievant has completed his case. When the grievant's case has been completed, the defendant proceeds in the same manner, until his defense is completed.

514.6.2. When both Parties to the dispute have presented their evidence, closing statements, in summary, may be made by both Parties.

514.6.3. Upon completion of closing statements, all Parties will be excused from the meeting room and will remain available with their witnesses until a decision is reached by the Board.

514.6.4. The Teamster Craft Joint Adjustment Board then meets in Executive Session.

514.6.5. The Teamster Craft Joint Adjustment Board deliberates in body and acts on the motion or motions.

514.6.6. Upon request of any panel member, the Impartial Umpire shall grant a caucus.

514.6.7. The Impartial Umpire records the vote on the motions and announces the results to all Parties.

514.6.8. The Contractors and the Union shall each have a total of four (4) votes on the Teamster Craft Joint Adjustment Board and three (3) representatives (and not less than two (2) appointed by each party and the Impartial Chairman shall constitute a quorum.

514.6.9. Only properly designated representatives will be authorized to perform the functions of a Teamster Craft Joint Adjustment Board member.

514.6.10 The Parties to this Agreement recognize Industrial Wage Order 16-2001 covering On Site Construction, Mining, Drilling, and Logging Industries. Any dispute or grievance arising from this Wage Order shall be processed under and in accordance with Article V "Procedure for Settlement of Grievances and Disputes of this Agreement".

515. GRIEVANCE OF DISPUTES

515.1. The Parties to this Agreement recognize that the Supreme Court of the United States has consistently held for over fifty years that federal law and policy favors the use of and finality of arbitration procedures established through collective bargaining agreements to resolve all nature of disputes affecting the employee/Employer relationship.

515.2 As the designated representative of employees, the Union contracts regarding the specific terms and conditions of employment as well as the enforcement mechanism to ensure those conditions are met, which mechanisms include grievance arbitration. These terms, conditions and enforcement mechanisms are generally superior to those available to employees not covered by Collective Bargaining Agreements. Grievance arbitration provision in a Collective Bargaining Agreement is reflected in national labor laws and is premised on the federal policy to promote industrial stabilization through the collective bargaining agreement. "A major factor in achieving industrial peace is the inclusion of a provision for arbitration of grievances in the Collective Bargaining Agreement." United Steelworkers of Am. v. Warrior & Gulf Nat. Co., 363 U.S. 574, 577-7R, 80 S. Ct. 1347, 1350, 4 L. Ed. 2d 1409 (1960). D.R. Horton, Inc. v. N.L.R.B., 737 F.3d 344, 3361 (5th Cir. 2013) ("[W]e discern[] in the structure of the [National Labor Relations Act] the very specific right of employees to complete the collective bargaining process and agree to an arbitration clause." Citing, Blessing v. Freestone 520 U.S.

329, 343, 117 Ct. 1353, 137 L.Ed.2d 569 (1997) (internal quotation marks and citation omitted)

515.3 The Parties to this Agreement recognize that the National Labor Relations Board has held that the pursuit of collective or class action claims is concerted action but that a Union may waive certain rights to concerted action in a Collective Bargaining Agreement. In doing so, the National Labor Relations Board recognized that a collectively bargained arbitration clause stems from the exercise of rights to act in concert and that "[F]or purposes of examining whether a waiver of Section 7 rights is unlawful, an arbitration clause freely and collectively bargained between a Union and an Employer does not stand on the same footing as an employment policy... imposed on individual employees by the Employer as a condition of employment." D. R. Horton Inc. 357 NLRB No. 184 (January 3, 2012).

515.4 The Parties to this Agreement recognize that arbitration pursuant to the grievance procedure affords numerous benefits including expedited resolution of disputes; reduced cost and expense as compared to litigation; potentially greater monetary relief to individual employees; benefit of the arbitrator's knowledge and expertise with the bargaining Parties, the employment relationships governed by the Collective Bargaining Agreement and the practices of the construction industry; less restrictive rules of evidence; and less formal procedures. The Parties also recognize that class and representative action procedures are designed to afford a mechanism of relief for claims for which the costs of litigation are disproportionate to the available relief and that this grievance procedure addresses the same concerns by providing an expedited mechanism at reduced cost to address such claims without the need for class or representative action procedures. It is therefore the intent of the parties that this grievance procedure provides a mechanism for resolving the individual claims covered herein which balances expedited and complete relief to employees for violations with avoidance of unnecessary costs and disproportionate remedies associated with class and representative actions.

Arbitration of Employment Related Claims.

515.5 Any dispute, complaint or grievance alleging a violation of the Master Labor Agreement shall be processed through the Procedure for Settlement of Grievance and Disputes in Article V and the Local Union shall retain sole and exclusive ability to bring such a grievance to arbitration pursuant to such Article. In addition, any dispute, complaint or grievance concerning a violation of or arising under, Industrial Welfare Commission Wage Order 16 ("Wage Order 16") which is subject to the Procedure for Settlement of Grievance and Disputes in Article V by operation of Wage Order 16 and exemptions contained therein for employees covered by Collective Bargaining Agreements shall remain subject only to Article V and not this Section 515. Disputes, complaints or grievances within the scope of this paragraph shall be referred to as "Contractual Disputes". To effectuate any waivers in this Section 515 or elsewhere in this Agreement, it is the intent of this Agreement to provide employees with a regular hourly rate of pay not less than 30% more than the state minimum wage. Should the wage rate for any classification not meet this requirement during the term of this Agreement, it shall be increased immediately in the amount needed to effectuate that intent and any attendant waivers.

515.6 In addition to Contractual Disputes that may be brought by the Union or Local Union as described above, all employee disputes concerning violations of or arising under Wage Order 16 (except as noted in the immediately preceding paragraph), the California Labor Code Sections identified in California Labor Code Section 2699.5 as amended, all derivative claims under California Business and Professions Code section 17200, et seq., all associated penalties, and federal, state and local laws concerning wage-hour requirements, wage payment and meal or rest periods, including claims arising under the Fair Labor Standards Act (hereinafter "Statutory Dispute" or "Statutory Disputes") shall be subject to and must be processed by the employee, not the Local Union or Union, the California Private Attorneys General Act (Part 13 of division 2 of the California Labor Code) and

federal, state and local law concerning wage-hour requirements, wage payment and meal or rest periods, including claims arising under the Fair Labor Standards Act (hereinafter "Statutory Dispute" or "Statutory Disputes") shall be subject to and must be processed by the employee pursuant to the procedures set forth in this Section 515 as the sole and exclusive remedy. To ensure disputes are subject to this grievance procedure in accordance with the intended scope of coverage set forth herein, Statutory Disputes also include any contract, tort or common law claim concerning the matters addressed in the foregoing laws (other than a claim of violation of the Master Labor Agreement which are deemed Contractual Disputes). This Section 515 shall not apply to claims before the National Labor Relations Board, the Employee Equal Opportunity Commission, the Department of Fair Employment and Housing, and the California Division of Workers' Compensation.

In addition to the claims listed above, the parties have also agreed to provide for final and binding arbitration of any and all claims that could be asserted under all local, state and federal anti-discrimination laws, including but not limited to the California Fair Discrimination in Employment Act, the Americans with Disabilities Act, the Family and Medical Leave Act, and the California Family Rights Act. All claims for discrimination, harassment or retaliation in employment on the basis of race, age, sex, gender, religion, national origin, alienage, religion, marital status, sexual orientation, disability, or any other basis that is protected under any of those laws, as well as all related or similar claims (including but not limited to those for wrongful termination in violation of public policy, intentional infliction of emotional distress, violation of 42 U.S.C. section 1981, and retaliation in violation of Labor Code section 1102.5), shall be resolved exclusively under and in accordance with the procedure for settlement of grievances and disputes set forth in this Article and not in a court of law. The agreement to arbitrate such claims shall also include those asserted against any of the Employer's employees, officers, or owners.

Pursuant to California Labor Code Section 2699.6, the Parties hereby expressly and unambiguously waive the provisions of the California Private Attorneys General Act (PAGA), Labor Code Section 2698, et seq., and agree that none of the provisions of that

statute apply to any of the employees covered by the collective bargaining agreement between the undersigned Parties (the “Agreement”). The Parties further agree that this Agreement prohibits any and all violations of the California Labor Code sections identified in Labor Code §§2699.5 and 2699(f) as well as any others that would be redressable by PAGA, and that such claims shall be resolved exclusively through the Arbitration procedures in this Article and shall not be brought in a court of law or before any administrative agency such as the California labor Commissioner.

This Agreement shall apply to any representative and class claims that arise during the term of the Parties’ current Master Labor Agreement, regardless of when they were filed with any court or administrative; provided that the Contractor is bound to an extended, renewed or successor Master labor Agreement if such claims are filed after the termination of this Master Labor Agreement. An Arbitrator presiding over an arbitration conducted pursuant to the arbitration procedure of this Article shall have the authority to make an award of any and all remedies otherwise available under the California Labor Code, except for an award of penalties that would be payable to the Labor and Workforce Development Agency.

515.6.1 This Section 515 as to Statutory Disputes prohibits all violations of California Labor Code provisions redressable pursuant to the Private Attorneys General Act (Part 13 of Division 2 of the California Labor Code). Accordingly, the Parties hereto agree to the fullest extent permitted, the Master Labor Agreement, in general and this Section 515 in particular, shall operate to waive any and all provisions of the Private Attorneys General Act (Part 13 of Division 2 of the California Labor Code) and shall supersede and be considered to have fulfilled all requirements of said Act as presently written and/or amended during the life this Master Labor Agreement.

Procedure for Arbitration of Disputes.

515.7 No Statutory Dispute subject to this Article shall be recognized unless called to the attention of and in the event it is not resolved, confirmed in writing by the individual employee to the individual Contractor and the Local Union within the later of (i) the time

limits set forth in the Procedure for Settlement of Grievance and Disputes in Article V or the time provide (ii) for under applicable Statute.

515.8 Grievances and Arbitrations of all Statutory Disputes shall be brought by the individual employee in an individual capacity only and not as a grievant or class member in any purported class or representative grievance or arbitration proceeding. The Arbitrator shall have the authority to consolidate individual grievances for hearing, but shall not have the authority to fashion a proceeding as a class or collective action or to award relief to a group or class of employees in one grievance or arbitration proceeding. The Contractor agrees to indemnify the Union for any costs, including legal fees, or liability incurred by the Union as a result of the implementation and enforcement of the Statutory Dispute resolution provisions of the Article.

515.9 If the individual employee dispute is a Statutory Dispute subject to this Article, the grievance shall not proceed through the process described in Section 502 nor shall it be heard by the Joint Adjustment Board, but shall proceed directly to an independent Arbitrator. In such cases, the procedures for selection of an Arbitrator contained in Article V shall not apply; instead, the individual employee and the Contractor shall proceed to arbitration pursuant and subject to the American Arbitration Association National Rules for Employment Disputes. The Contractor shall pay all fees and costs related to the services of the American Arbitration Association and the services of the Arbitrator; however, the Arbitrator may reallocate such fees and costs in the arbitration award, giving due consideration to the individual employee's ability to pay. Each Party shall pay for its own costs, expenses and attorneys' fees, if any. However, if any Party prevails on a statutory claim which affords the prevailing party costs or attorneys' fees or if there is a written agreement providing for an award of costs or attorneys' fees, the Arbitrator may award costs and reasonable attorneys' fees to the prevailing Party. Any issue regarding the payment of fees of costs and any disputes about the manner of proceeding shall be decided by the Arbitrator selected. The Local Union or Union shall not be a Party to such and shall bear no costs or fees of the arbitration. The

Agreement to arbitrate claims described in this paragraph is subject to any applicable rights provided in 9 U.S.C. Sections 401-402.

515.10 The Arbitrator shall have full authority to fashion such remedies and award relief consistent with limitations under federal and state law and precedent established thereunder, whether by way of damages or the award of attorneys' fees and other costs, orders to cease and desist or any and all other reasonable remedies designed to correct any violation which the Arbitrator may have found to have existed, including such remedies as provided under applicable state or federal law or regulation. The decision of the Arbitrator is final and binding upon the Parties and is enforceable in a court of competent jurisdiction.

515.10.1 Notwithstanding the provisions of Section 515.10, the Arbitrator shall not have the authority to award penalties payable to the Labor and Workforce Development Agency pursuant to the Private Attorneys General Act (Part 13 of Division 2 of the California Labor Code). The decision of the Arbitrator is final and binding upon the parties and is enforceable in a court of competent jurisdiction. (This provision is intended to implement to the fullest extent permissible the provisions of Labor Code Section 2699.6)

515.11 The Arbitrator shall not have any authority to award relief that would require amendment of the Master Labor Agreement or other Agreement(s) between the Union and a Contractor or the Contractors or which conflicts with any provision of any Collective Bargaining Agreement or such other Agreement(s). Any arbitration outcome shall have no precedential value with respect to the interpretation of the Master Labor Agreement or other Agreement(s) between the Union and a Contractor or Contractors.

ARTICLE VI

Craft Steward and Business Representative

601. The Union Business Agent or Special Representative shall have access to the project during working hours and shall make every reasonable effort to advise the Contractor or his representative of his presence on the project.

602. The craft job Steward, if any, shall be a working employee appointed by the Union, who shall, in addition to his regularly assigned work, be permitted to perform during working hours, such of his Steward duties as outlined in Paragraph 604 as cannot be performed otherwise. The Union agrees that such duties shall be performed as expeditiously as possible and the Contractor agrees to allow the performance of such duties as herein set forth. The Union shall notify the Contractor or his Representative, in writing, of the appointment of a craft job Steward and send a copy to the Contractor's home office address.

603. It is recognized by the Contractor that the craft job Steward shall remain on the job as long as there is work being performed in his craft in which he is qualified to perform. The Contractor or his Representative, before laying off or discharging the craft job Steward for any cause other than stated in Paragraph 605 shall notify the Union in writing of his intent to do so two (2) full working days prior to such intended lay off or discharge. The Contractor or his Representative will meet with the Representative of the Union during this two (2) day period and attempt to resolve the matter. The craft job Steward shall not be discharged or laid off for the performance of his agreed upon duties when performed in accordance with this Article or without just cause.

604. To promote harmony between the Union and the individual Contractor, the craft job Steward shall be limited to and shall not exceed the following duties and activities:

604.1. Check the job referral of each employee dispatched under the terms of this Agreement to the Contractor.

604.2. Work with the Contractor's designated Representative in charge of the job in an attempt to resolve disputes prior to the application of the grievance procedure.

604.3. Report to the Contractor's designated representative any employee covered by this Agreement who works for less than the negotiated wage scale, for less than the overtime rate or who goes to work without a referral.

604.4. Report to the Contractor's designated representative any work belonging to his craft being done by non-dispatched men or by workmen of another craft.

604.5. Report to his Business Representative infractions of the Agreement which have not been resolved between himself and the Contractor's designated representative.

604.6. Make a complete job check during working hours no more often than once a week.

604.7. Report to his Business Representative any employee covered by this Agreement who leaves the jobsite without giving the Contractor and the craft job Steward prior notice.

604.8. Report any reckless or unsafe employees covered by this Agreement on the jobsite to the Contractor's designated Representative or his Business Representative.

605. The craft job Steward shall not:

605.1. Stop the Contractor's work for any reason.

605.2. Tell any workman or any employee covered by this Agreement that he cannot work on the job.

605.3. Initiate any physical altercation with any person on the jobsite.

606. Infraction of any of the rules in Paragraph 605 shall be cause for immediate dismissal of the craft job Steward without any prior notice and this shall be the exclusive remedy for a violation of this Section.

607. Any dispute in connection with this Article VI shall be referred to the Grievance and Arbitration procedure of this Agreement.

ARTICLE VII

Classification

701. Should the Contractor or any Sub Contractors, employ workmen in the prosecution of this work in occupations or upon equipment which is not covered by one of the classifications herein specified, such employment shall, within three (3) working days after a work assignment is made or the equipment is operated, be temporarily classified by the appropriate Contractor Association and the Union.

701.1. Temporary classifications and Teamster Craft wage rates shall be immediately referred to the Joint Adjustment Board which shall at its next meeting review and recommend usage of the proper classifications and wage rates. Either party shall thereafter have the right to submit a dispute under this section in the manner set forth in the provisions of the Teamster Craft Joint Adjustment Board.

701.2. The Contractors agree when the number of pieces of Teamster equipment on a job or project exceeds the number of employees employed to operate the equipment; the Contractor shall not assign the operation of any of the equipment to any

other employee not covered by this Agreement. If the Contractor is found through the grievance procedure to have violated this Paragraph 701.2, the Contractor shall pay a penalty contribution to the Teamsters' Health and Welfare Fund not to exceed one (1) day's pay for each day, or portion thereof, the violation occurred.

702. The number of employees and the number of classifications of employees required to perform any operation covered by this Agreement shall be determined by the Contractor; provided that if a Contractor, in determining the number of employees or the number of classifications of employees shall lessen the number of employees or the number of classifications customarily used to perform any such operation,

the affected Union may have the issue of such reduction in employees or in classifications determined by the grievance procedure provided in Article V of this Agreement. In determining such disputes, consideration shall be given to the necessity for additional employees or classifications as well as to other pertinent factors.

703. Because the Contractors and the Union recognize the necessity of eliminating restrictions on production and promoting efficiency, nothing shall be permitted that restricts production or increases the time required to do the work and no limitation shall be placed upon the amount of work which an employee shall perform nor shall there be any restriction against the use of any kind of machinery, tools or labor saving devices, provided, however, that such machinery or power equipment shall be furnished by the Contractor and provided further that no employee shall be required to work under any conditions that are injurious to his health or safety in conflict with a present well-established custom regulating such use where the work is being performed.

704. The Contractor shall promptly pay for all traffic tickets for overloads, spills and defective equipment where such violation is not the fault of the employee.

704.1. The Contractor agrees to pay the employee concerned at his regular rate of pay for any time the employee is required to appear in court as the result of such violation, where such violation is not the fault of the employee, including reasonable time for travel to and from such court and reasonable out-of-pocket expenses incurred by such employee in connection therewith.

705. The Contractor agrees to recognize and observe Teamsters' jurisdiction insofar as possible and that wage scales apply to classifications rather than to men and the Union agrees to permit the occasional temporary transfer of employees from one classification to any other classification, provided that, when such transfers are made the employee shall be paid for the entire day on the basis of the rate of the highest paid classification in which he worked during the day. When such transfers involve the classifications of more than one craft, it shall not be necessary for the operation of this policy that employees be referred to a project by more than one (1) Union or employed at classifications of more than one (1) craft. Abuse by any Contractor of the privilege granted in this Paragraph 705 shall subject him to withdrawal of the privilege for an appropriate period through the procedures established in the Teamster Craft Joint Adjustment Board.

705.1. The Contractor understands and agrees that Teamsters' jurisdiction is basically the operation of vehicles and equipment that are utilized for the purpose of transporting personnel, equipment and materials as defined in the various International Jurisdictional Agreements. Classifications covering work other than the operation of vehicles and equipment, within Teamsters' jurisdiction, shall also be observed as set forth in the various International Jurisdictional Agreements.

706. Each employee employed in accordance with the terms of this Agreement shall receive wages based upon the minimum hourly wage rates specified in Article XVIII calculated by the number of hours he was employed less all legal deductions. Any other methods of paying the employees, such as the use of piecework, bonus systems or lumping of the work shall be deemed a violation of this Agreement. Grievances shall be settled in accordance with the grievance procedure of this Agreement.

707. The Contractor agrees that all work covered by this Agreement shall be performed by workmen who, the Contractor and the Union agree, are employees of the Contractor or Sub Contractor and that both the Contractor and Sub Contractors shall employ such employees under the terms of the appropriate labor agreement covering the work involved.

ARTICLE VIII

Holidays, Payment of Wages, Meal Periods

801. HOLIDAYS

801.1. The following holidays shall be observed on the date designated by Federal Law: New Year's Day, Memorial Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving Day, the day after Thanksgiving Day and Christmas Day. If any of the above holidays should fall on Sunday, the Monday following shall be considered a legal holiday. Work on such days shall be paid for at the holiday overtime rate provided herein. No work shall be performed on Labor Day except in case of extreme urgency when life or property is in imminent danger.

802. PAYMENT OF WAGES

802.1. All wages shall be paid on a designated weekly payday and in no event shall the Contractor withhold more than five (5) working days. If the regular payday falls on a holiday, the employees shall be paid on the next regular workday. Employees shall be paid prior to the ending of their regular shift. In the event an employee is not paid prior to the ending of his regular scheduled shift, he shall be compensated in increments of one-half ($\frac{1}{2}$) hour at the applicable overtime rate until such time as he does receive his pay.

802.2. When men are laid off or discharged, they must be paid wages due them at the time of layoff or discharge. At such times as an employee is paid, he shall be furnished a personal record showing straight time and overtime hours paid and all

deductions itemized for the current pay period. Such record shall show the employee's name, and the Employer's name and address. In the event the Employer fails to pay employees laid off or discharged, they shall be paid waiting time at the straight time rate of eight (8) hours per day, five (5) days per week, until the time such payment has been made.

802.3. An employee who quits shall be mailed his pay in full by certified mail to his last known address within seventy-two (72) hours or be paid prior to leaving the job or project. In the event these stipulations are not met, he shall receive waiting time as noted above.

802.4. If a Contractor pays an employee by check, draft or voucher, which check, draft or voucher is subsequently refused payment because the Contractor has no account with the bank, institution or person on which drawn or insufficient funds to his account at the time of presentation, the Contractor shall be required to issue only certified checks for all employees working under this Agreement on that job for the duration of the job on which said check was issued and shall reimburse the employee immediately by certified check for the insufficient fund check issued and for the bank charges assessed.

802.5. When employees covered under the terms of this Agreement are employed at a higher rate of pay than the minimum established herein during any shift, the higher rate of pay shall apply on all time worked during that day.

802.6. The Employer shall not discharge or discriminate against any employee under this Agreement because of any industrial injury incurred prior to employment or the filing of a claim of workmen's compensation benefits.

802.7. When an employee is injured while at work to the extent of being unable to work for the balance of the day he shall be paid for a full day at his regular rate. His ability to work or not to work shall be determined by a qualified physician.

803. **MEAL PERIOD**

803.1. Employees shall not work more than five (5) consecutive hours without a one-half (½) hour meal period. When employees work over five (5) hours without being provided with a one-half (½) hour meal period, they shall receive one-half (½) hour pay at the double time rate. When an employee is required to work overtime for more than three (3) hours over the regular eight (8) hours, the Employer agrees to provide a meal period each five (5) hours thereafter and the employee shall have sufficient time to eat the meal without loss of pay. In the event an employee is required to work through an overtime meal period, then the employee shall receive pay for an additional one-half (½) hour at the double time (2X) rate. Meal periods may be staggered to meet job requirements.

804. **BREAKS**

The Parties to this Agreement recognize Industrial Wage Order 16 covering “On Site Construction, Mining, Drilling and Logging Industries”. Any dispute or grievance arising from this Wage Order shall be processed under and in accordance with Article V Procedures For Settlements of Grievances and Disputes of this Agreement. The grievance procedure of Article V shall be the exclusive method for resolving all alleged violations of this Wage Order and the time limitations of Article V shall apply.

901.2.1. An employee who has been found, through the grievance procedure, to have been unjustifiably disciplined or discharged for refusing to perform work which would endanger his health or safety or the health or safety of any other employee, shall be reinstated in his former classification. This is not to be construed as a waiver of the employee's rights under Section 502 of the Labor Management Relations Act of 1974, as amended.

901.3. The individual Contractors shall be solely responsible for implementation and maintenance of such safety laws, rules, regulations, standards, orders and decisions. Neither the Union nor any local Unions or District Councils are responsible for such implementation or maintenance.

902. **PARKING**

In the event free parking facilities are not available within three hundred and fifty (350) yards of a jobsite, the individual Employer will provide such facilities and the individual Employer shall have the right to designate parking areas to be used. Where, because of congested parking conditions, it is necessary to use public facilities, the Employer shall reimburse the employee for the cost of such parking upon being presented with a receipt or voucher certifying to the cost thereof, such reimbursement to be made on a weekly basis or at the conclusion of the project, whichever occurs earlier. Designated parking areas shall be reasonably level and graded to drain.

903. **DRINKING WATER**

The Contractor shall furnish cool and potable drinking water in sufficient quantities for the needs of the employees and make available sanitary drinking cups and adequate toilet facilities in accordance with California State Law.

Every Contract or Sub Contractor agrees to accept, assume and be bound by all of the terms and conditions and obligations imposed by and under the Construction Teamsters Security Fund, Construction Teamsters Vacation-Holiday Trust and Teamsters Training and Upgrading Trust and the Western Conference of Teamsters Pension Trust Fund, pursuant to the aforementioned Trust Agreements and any other Trust Agreements similarly negotiated and any modifications, alterations or amendments made hereto.

3002.1. The participation by the Contractor in said Trusts shall be for the duration of this Agreement and any renewals or extensions thereof.

3002.2. The Contractor or Sub Contractor agrees to make all payments to the Trustees at their place of business in the City of Covina and County of Los Angeles.

3002.3. The Contractor or Sub Contractor further agrees that he does irrevocably designate and appoint the Employers mentioned in said Trust Agreements as his attorneys in fact for the selection, removal and substitution of Trustees as provided in said Trust Agreements.

3002.4. The Trustees through the administrative office of the appropriate Health and Welfare, Pension, Training and Upgrading and Vacation-Holiday-Sick Funds shall advise each Association Party to this Agreement and the Union of the current delinquent accounts.

3003. In the event a Contractor is determined to be delinquent in performing any obligation to a Trust Fund by the Board of Trustees or authorized committee of Trustees of that Trust Fund, the Trustees shall provide a written notice of delinquency to the Contractor. If the Contractor fails to finally resolve the delinquency

dispute to the full satisfaction of the Trust Fund within ten (10) days after the date of transmittal of the written notice, the Union party to that Trust Fund shall have the right to take economic action, including, but not limited to, the right of withholding workmen, refusal to dispatch workmen and strike action against such Contractor until satisfactory resolution of the delinquency dispute between the Trustees and the Contractor.

The Contractor agrees he will not subcontract any portion of his job to any Employer whose name appears in the delinquent list until such Employer has paid all delinquent monies to the Trust Funds. In the event the Contractor subcontracts to any such delinquent Employer in violation of the foregoing, the Contractor shall remove such Sub Contractor from the job immediately unless such delinquent Sub Contractor immediately makes full payment of all amounts owed to the Trusts.

3005. The term "Contractor" or "Sub Contractor" shall include all present and prior entities of delinquent Contractor or Sub Contractor regardless of any change of name or change of entity, provided that the owner or shareholders of the delinquent Contractor or Sub Contractor holds at least ten (10%) percent ownership in the new entity.

3006. Such deposit shall be placed in a custodial account designated by the Trustees until the issue of

delinquency is resolved to the satisfaction of said Trustees. Interest or any portion thereof on this deposit shall not accrue to the benefit of the Contractor unless the listed delinquent Sub Contractor was listed in error. The Contractor shall submit the cash deposit to the Trustees within five (5) days of receiving written notice from the Trustees or their designated representative to deposit same.

3007. If through audit or other discovery, a bid-listed Sub Contractor is deemed delinquent after the date of the bid, the Contractor's liability shall be limited to those amounts incurred on his job only. If a Sub Contractor becomes delinquent after commencing work for the Contractor, the Contractor shall be liable for all delinquencies incurred on the Contractor's jobs or projects.

3007.1. The Contractor may terminate the subcontract of said delinquent Sub Contractor or Sub Contractors, thereby limiting his liability on the job or project to the period from the eleventh (11th) day after such notice is sent by the administrative office to the termination of such subcontract on that job.

3008. The Contractor agrees that in the event he contracts or subcontracts any work covered by this Agreement and in the event that such Sub Contractor fails to pay the fringe benefit contributions provided for under this Agreement, then the Contractor shall become personally liable for the payment of such sums incurred by the Sub Contractor while subcontracting for Contractor and such sum shall immediately become due and payable by the Contractor.

3009. Where the General Contractor fails or refuses to make any payments required under the above provisions, the Union shall have the right to take economic action against any or all jobs of such General Contractor and shall make every reasonable effort to do so.

3010. Where there is no General Contractor on the jobsite, the right of the Union to take economic action by the Union shall apply to the project as a whole.

3010.1. Any such action in accordance with the foregoing Paragraph 2707 shall not be considered a strike or work stoppage within the terms of this Agreement. This provision shall apply to any Contractor or Sub Contractor, on any jobsite operation under any change of name or Association or Joint Venture, including any person who may have been a principal financially associated with the Contractor, or Sub Contractor, who was delinquent in said payments and with regard to which delinquency the notice required has been given.

3011. The Trustees of the respective Trust Funds shall be instructed to comply with these provisions and the Parties agree to make any amendments in the respective Trust Agreement necessary to accomplish the above.

3012. The Employer shall make contributions into the appropriate Trust Funds for all employees covered by this Agreement for all hours of employment (worked or paid) of such employees, regardless of whether all such hours are worked in work covered by this Agreement.

3013. All contributions shall be due and payable to the appropriate Trust Fund on or before the 15th day of the month following the month in which the work was performed. All payments not post-marked on or before the 15th day of the month shall be delinquent.

3014. Each individual Contractor found to be delinquent shall, in accordance with the Trustees' determination, be liable to pay all legal fees, court costs and auditing costs in connection with such delinquency. Liquidated damages in the amount of thirty-five dollars (\$35.00) or twelve (12%) percent per Trust of the delinquent amount, whichever is the greater, shall be due to each Trust Fund from the delinquent Contractor, except for the Western Conference of Teamsters Pension Trust which will be an amount equal to twenty percent (20%) of the amount of Contractor Contributions due.

3015. The Union represents all employees who perform any work in the Union's craft and such employees shall be covered by this Agreement. The Trustees shall have authority to audit Contractor records, either periodically or on a need basis, to determine the appropriate contributions and shall have specific authority to examine the Contractor's Federal W-2 Forms, 1099 Forms, his Quarterly State Tax Returns, Cash Disbursement Records, individual time cards, individual payroll records, State of California DE-3 Returns, Employer reports to other Trust Funds, and pertinent items within the General Ledger. Upon demand of the Trustees, any Contractor or Sub Contractor who has failed to report in any month or any Contractor or Sub Contractor for whom there exists a reasonable belief by the Union or Trustees that such Contractor is failing to report or pay contributions shall immediately submit relevant records as described herein for audit by the Trustees on their designated auditors. If litigation is required to complete such audits, the Contractor shall pay all attorney fees, audit costs, interest and other costs incurred in connection therewith. In the event a Contractor or Sub Contractor refuses to submit to such audit, the Union shall have the right to take economic action against any or all jobs of such Sub Contractor or Contractor and make every reasonable effort to do so.

3016. Any disputes between the Parties concerning the performance of obligations to the Trust Funds are not subject to Article V of this Agreement. The Trustees of the Trust Funds are not regarded as Parties to this Agreement and are not obligated by this Agreement to arbitrate any of their rights under this Agreement.

APPENDIX "A"

MEMORANDUM OF UNDERSTANDING DRUG AND ALCOHOL ABUSE PREVENTION AND DETECTION

The Parties recognize the problems which drug and alcohol abuse have created in the Construction industry and the need to develop drug and alcohol abuse prevention programs.

Accordingly, the Parties agree that in order to enhance the safety of the work place and to maintain a drug free work environment, individual Employers may require applicants or employees to undergo drug and alcohol screening. The Parties agree that if a screening program is implemented by an individual Employer, the following items have been agreed upon by Labor and Management:

1. It is understood that the use, possession, transfer, or sale of illegal drugs, narcotics, or other unlawful substances is absolutely prohibited while employees are on the Employer's job premises, in the Employer's vehicles, or while working on any site in connection with work performed under the applicable agreement. In addition, alcohol will not be allowed in the Employer's vehicles.
2. Employers may use an on-site Oral Fluid or Urine Test solely as a type of screen for new hires and for probable cause, post accident, follow-up, compliance or conformity testing procedure on current employees. The results of on-site Oral Fluid or Urine testing may not be used as a sole means to establish grounds for denial of employment or as cause for termination.
 - The individual dispatched and being screened shall complete an on-site Oral or Urine screening consent form prior to the screening.
 - The individual providing specimens for testing shall use standard universal precautions to prevent the spread of infectious disease. As a minimum, protection shall be the use of disposable latex gloves.
 - On-site Oral or Urine testing procedures shall be conducted in a manner consistent with the product manufacturers' instructions. Test procedures shall be performed only by the person being tested in accordance with the product manufacturer's specifications.

- A member of management and a designated union representative can witness the on-site Oral or Urine Fluid screening.
 - When a dispatched individual successfully achieves a negative test result, from a substance testing perspective, this individual shall be considered eligible for employment.
 - When a dispatched individual receives an inconclusive test or positive result, the actual test plate, or photographic record of the inconclusive or positive test result, shall be retained by the individual Employer for a minimum of sixty (60) days. These records shall be placed in a sealed envelope, signed by the tested individual, and shall be stored in a secure location separate from the individual's personnel record.
 - In the event of a non-negative test result, the individual shall be immediately referred to the nearest clinic for a standard drug or alcohol test as prescribed below. The results of the standard drug or alcohol test shall determine whether the designated employee is hired or retained by the Employer.
3. All applicants or newly hired employees are subject to drug and alcohol screening at a facility certified by the Substance Abuse and Mental Health Services Administration (SAMHSA) in accordance with the terms of this Memorandum. The Employer agrees to pay each applicant or employee who takes and passes the drug and alcohol test for all the time it takes to undergo the drug and alcohol screening up to a maximum of two hours travel time plus lab time.
 4. Applicants not passing the drug and alcohol screen will not be placed on the Employer's payroll or receive any compensation. Employees not passing the drug and/or alcohol screen will be removed from the Employer's payroll. The Employer agrees to pay the cost for administering the drug and alcohol screen.
 5. The Employer may require that an employee be tested for drugs and alcohol where the Employer has reasonable cause to believe that the employee is impaired from performing his/her job. Observation must be made by at least two (2) persons, one of whom may be a Union employee. This provision shall be applied in a non-discriminatory manner and shall utilize the reasonable suspicion checklist and reporting form attached hereto as Appendix A, or a comparable checklist. Supervisors will administer the program in a fair and confidential manner. For employees who refuse to take a test where the prerequisites set forth in this paragraph have been met, there will be a rebuttable presumption that the test result would have been positive for an unlawful substance.

6. An Employer may require that an employee who contributed to an accident be tested for drugs and/or alcohol where the Employer has reasonable cause to believe that the accident resulted from drug and/or alcohol usage.
7. There will be no random drug and/or alcohol testing, including on-site Oral Fluid or Urine Testing, by the signatory Employer.
8. It is understood that the unsafe use of prescribed medication, or where the use of prescribed medication impairs the employee's ability to perform work, is a basis for removal.
9. Drug screening shall be performed at a SAMHSA certified lab. A sufficient amount of a urine sample shall be taken to allow for an initial drug test and a drug confirmation test.
10. The initial test will be by Enzyme Multiplied immunoassay Technique (EMIT). In the event a question or positive result arises from the initial test a confirmation test must be utilized before action can be taken against the employee or applicant. The confirmation test will be by Gas Chromatography - Mass Spectrometry (GC/MS). The cutoff levels for both the initial test and confirmation test will be those established by the Substance Abuse and Mental Health Services Administration, as indicated in Appendix B. Any diluted or delayed test shall be a presumed positive result, unless reviewed and overturned by the Medical Review Officer. Confirmed positive samples will be retained by the testing laboratory in secured long term frozen storage for a minimum of one year. Handling and transportation of each sample must be documented through strict chain of custody procedures.
11. Alcohol testing shall be performed at a SAMHSA certified lab using only approved evidential breath testing devices, or saliva alcohol screening devices listed on the National Highway Traffic Safety Administration's (NHTSA) Conforming Products List. All equipment shall have a quality assurance plan approved by the NHTSA and shall not be used in the event that the device does not meet specified quality controls.
12. Present employees, if tested positive for drugs or alcohol, shall have the prerogative for a rehabilitation program at the employee's expense. When such program has been successfully completed, the Employer shall not discriminate in any way against the employee. If work for which the employee is qualified exists, he or she shall be reinstated.

13. Any dispute which arises under this drug and alcohol policy shall be submitted to the grievance and arbitration procedure set forth in the applicable Agreement.
14. If, as a condition of contract award or due to Federal, State, or Governmental Agency requirements, including but not limited to Federal D.O.T. commercial driver drug & alcohol testing requirements, an individual Employer is required to abide by or implement more stringent requirements than set forth in the Memorandum of Understanding, the individual Employer will notify the Union in writing of those requirements.
15. The establishment or operation of this policy shall not curtail any right of an employee found in any law, rule, or regulation. Should any part of this policy be found unlawful by a court of competent jurisdiction or a public agency having jurisdiction over the Parties, the remaining portions of the policy shall be unaffected and the Parties shall enter negotiations to replace the affected provision.
16. The Employer shall indemnify and hold the Union harmless against any and all claims, demands, suits or liabilities that may arise solely out of the Employer's application of the Substance Abuse program.
17. Cut off levels shall at all times remain in compliance with DOT (confirmation) levels.
18. This policy will become effective July 1, 2013 and reaffirmed this day of July 1, 2022.

MEMORANDUM OF UNDERSTANDING

APPRENTICESHIP

The Teamsters Joint Council No. 42 (Locals 166, 186, 848 and 986) and Teamsters Local Union No. 87 (Union) and Contractors signatory to the Master Labor Agreement jointly negotiated and established an apprenticeship program which has been approved by the Department of Apprenticeship Standards of the State of California. That program has indentured apprentices and Contractors have begun using these apprentices in accordance with such set standards.

California Labor Code Section 1777.5 stipulates the use of apprentices on public works jobs currently established at one (1) apprentice to five (5) journeymen. The Union and the Contractors acknowledge and agree that there may be for the expected term of the new Master Labor Agreement, an insufficient number of apprentices to meet the current mandated ratio. Additionally, certain specific job locations lack sufficient numbers of journeymen or the nature of the work does not allow for safe and effective training of apprentices by journeymen and compliance to the mandated standards. This situation inadvertently places all contractors in jeopardy of substantial penalties from the State contractor compliance programs.

Therefore, the Union and the Contractors have mutually agreed to have the Teamster Apprenticeship Director submit to the Department of Apprenticeship Standards a request for a waiver similar to the standing waiver that the DAS has approved for other crafts, specifically the Operating Engineers and Laborers in Southern California. Said waiver will request exemptions for jobsites with four (4) or fewer journeymen on the site from the apprenticeship ratio.

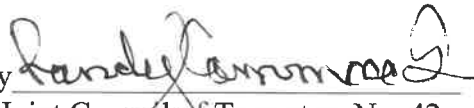

It is also agreed by the signatory Parties that until such exemption is approved by the DAS, the current DAS standards shall remain in full force and effect until and unless revoked by the DAS itself.

Reaffirmed this 1st day of July 2022.

ADDENDUM TO SOUTHERN CALIFORNIA MASTER LABOR AGREEMENT

The ("Association"), on behalf of its respective eligible members (hereinafter referred to individually as the "Contractor" and collectively as "Contractors") and Teamsters Joint Council 42 and its affiliated Local Unions (hereinafter referred to as the "Union") are party to the 2022 - 2025 Southern California Master Labor Agreement ("MLA"), and, in furtherance of their mutual desire to achieve a skilled and trained workforce on certain types of public works jobs that include requirements that the Contractors employ a specified percentage of graduates of a building trades Apprenticeship program, also agree as follows. These provisions supplement the MLA and, except as expressly augmented and/or modified herein, the provisions of the MLA shall apply. This Addendum shall terminate upon expiration of the current MLA.

A. To address the need for as many Journeypersons as possible to be, and become, graduates of the Construction Teamsters Apprenticeship Program, the Construction Teamsters Apprenticeship program has instituted an accelerated program whereby a non-graduated Journeyperson can enroll in the Apprenticeship Program and be given credit for his or her past experience and training, enabling the Journeyperson to graduate in as few as six months. The parties wish to facilitate the conversion of non-graduated Journeypersons to Apprenticeship Program graduated Journeypersons by participation in this accelerated program. Accordingly, eligible Journeypersons who register in the Apprenticeship Program's accelerated program during the term of the MLA shall be paid at the Journeyperson wages and fringe benefits for work while indentured in the Apprenticeship Program. The rules of the Construction Teamsters Joint Apprenticeship & Training Committee regarding eligibility of Journeypersons to register in the Apprenticeship Program's accelerated program shall govern.

B. The Contractors agree that completion of the accelerated program is in the interest of the Contractor, the Union and the non-graduated Journeyperson. To that end, the Contractors agree to make good faith efforts to keep competent, reliable non-graduated Journeypersons indentured as Apprentices continuously employed through the end of the time they are indentured. Nothing in this paragraph B is a guarantee of continued employment nor is anything in this paragraph B subject to the arbitration provision of the MLA.

C. The Contractors agree to cooperate with the Union's efforts to dispatch non-graduated Journeypersons indentured as Apprentices to jobs that will allow such non-graduated Journeypersons indentured as Apprentices to timely complete their on-the-job training requirements.
